RRA FORMS NOW DUE

West Extension Irrigation District was built with the assistance of the federal government. The district is under contract to the Bureau of Reclamation for the operation of the irrigation project, and is required to follow federal rules. One of these rules is an annual form that some landowners must file with the District office prior to receiving water. These are called **RRA Forms**, for Reclamation Reform Act.

If you meet any of the criteria listed below, you **MUST** file an RRA form with West Extension Irrigation District and with every district that is a federal project in which you have (OWN, LEASE, RENT, OPERATE, ETC.) land with water rights. Contact the WEID office to get the form.

Here is the disclaimer that the District is required to state, "Improperly filed forms or forms not filed can lead to administrative fees charged to the landowner by the Bureau of Reclamation."

In West Extension Irrigation District, the thresholds for RRA in year 2019 are:

Qualified Recipient	240 acres
Individuals	240 acres
Entities with 25 or less natural persons	240 acres
Limited Recipient	40 acres
Entities with 26 or more natural persons	40 acres
Public Entities	40 acres
<i>Landowners who lease from a Public Entity must report the leased land as if it is owned. Leased land is added into your total acres for determination of filing status.</i>	
Trusts / Estates	240 acres
Benefiting 25 or less natural persons	40 acres
Benefiting 26 or more natural persons	40 acres
<i>All trusts must be approved by Reclamation, regardless of the size of their landholding. Please contact the office if your property is held in a trust and you have not already submitted a copy of your trust documents.</i>	
Farm Operators	960 acres
<i>If you feel you are in this category, or if you are a landowner who contracts with someone who might be considered a Farm Operator, please check with the office to verify the status of the forms requirements.</i>	
Indirect Landholders (partners / stockholders / part-owners in entities)	
<i>Your filing status is dependent on several things. Please contact the office.</i>	

For any questions, please contact Lisa at WEID office .
